## LIST OF ABBREVIATIONS

1. AAK:	Abura Asebu Kwamankese District
2. AEA:	Agricultural Extension Agents
3. ASDA:	Assin South District Assembly
4. BAC:	Business Advisory Center
5. BECE:	Basic Education Certificate Examination
6. CHPS:	Community Health Panning Services
7. DA:	District Assembly
8. DACF:	District Assembly Common Fund
9. DCD:	District Co-coordinating Director
10. DCE:	District chief Executive
11. DPCU:	District Planning Co-ordinating Unit
12. GoG:	Government of Ghana
13. GSGDA	Ghana Shared Growth and Development Agenda
14. HIV/AIDS:	Human Immune Virus/Acquired Immune Deficiency Syndrome
15. ICT:	Information Communication Technology
16. IGF:	Internal Generated Fund
17. JHS:	Junior High School
18. KG:	Kindergarten
19. KVIP:	Kumasi Ventilated Improved Pit
20. LESDEP	Local Enterprises and Skills Development Programme
21. M&E:	Monitoring and Evaluation
22. MOFA:	Ministry of Food and Agriculture
23. MTDP:	Medium Term Development Plan
24. N/A:	Not Available
25. NGOs:	Non-Governmental Organizations
26. OPD:	Out Patient Department
27. PTA:	Parent Teacher Association
28. SMC:	School Management Committee
29. SPR:	School Participation Rate

## EXECUTIVE SUMMARY

In line with government attempts aimed at developing the nation, District Assemblies through the guidance of the Ghana Shared Growth and Development Agenda (GSGDA I &II), prepared Medium Term Development Plans which spanned from 2014-2017. The aim of these sub national plans among other things is to drive efforts towards achieving better standards of living and better conditions of living for greater numbers of people and not for a few. In this direction, several interventions were put in place and the District Assembly at the center of development planning and implementation efforts has been engaged in a lot of activities aimed at ensuring development.

The Annual Progress Report helps to provide the necessary feedback to relevant stakeholders on the performance of Policies, Programmes and Projects; and to help assess the progress made, within the context of the vision of ensuring that ***about 70% of the inhabitants have access to basic economic and social amenities like water, education, health, shelter, security, means of livelihood, electricity and others by the end of 2017.***

This report consists of Four (4) chapters and presents findings on developmental activities undertaken in the year 2017 as part of implementing the 2014-2017 DMTDP.

Chapter one deals with the introduction, the Profile of the District, the processes involved, as well as the challenges encountered.

Chapter Two (2), focuses on Monitoring and Evaluation of activities in the district and covers three different aspects. Firstly, the revenue and expenditure pattern and trend analysis of the inflow of funds. Also, update on some specific indicators have been observed and measured and the performances are presented under the various thematic areas of the plan. There is also a comparative analysis of the indicators to determine the extent of achievement with reference to targets and the records for previous years to establish progress or otherwise. The third part of the chapter throws some light of how the District has fared in dealing with some critical development and poverty reduction issues

such as; Ghana School Feeding Programme, Business Development, Vulnerability Analysis, Agriculture Development, Micro Finance and the like.

Chapter three (3) looks at a Performance review of the implementation of the activities of the DMTDP. Essentially, interventions earmarked to be done in 2017 were reviewed and the result showed an achievement rate of 87.6% out of 97 activities.

The fourth and the final Chapter present major findings and recommendations which are expected to guide the formulation and implementation of subsequent development efforts.

In the face of the difficulties encountered like the inadequacy funds, the district performance in the year could be described as Good based on levels of achievements in the various thematic areas.

<b>Thematic Area</b>	<b>Achievement</b>	<b>Performance</b>
Enhancing Competitiveness in Ghana's Private Sector	55.6%	Average
Accelerated Agriculture Transformation and Sustainable Natural Resource Management	44.4%	Below average
Oil and Gas Development	50.0%	Average
Infrastructure, Energy and Human Settlement	78.4%	Good
Human Development, Productivity and Employment	74.4%	Good
Transparent and Accountable Governance	81.3%	Very Good
<b>General Performance</b>	<b>69.2%</b>	<b>Good</b>

In specific terms the following are some of the key Projects were initiated in the District within the period:

1. Construction of Emergency ward at Abura Dunkwa District Hospital
2. Renovation of Papagya CHPS Compound
3. The Assembly also through the Business Advisory Center facilitated the provision of credit worth GH¢60,000.00 for about four groups who are into various income generating activities
4. The District also targeted training a total of 80 youth in various skills training activities but was successful in training 63 made of 14 males and 49 females

5. The implementation of LEAP activities and disbursement of grants for households was undertaken successfully during the year under review. An additional 292 more households were added in the course of the year bringing the total number of households to 811.

These achievements notwithstanding, the district still needs to step up efforts in areas like:

1. Improving on School Performance especially BECE performance
2. Reducing the incidences of teenage pregnancy.
3. Intensify lobbying to enhance the development prospects of the district
4. Speed up processes leading to the implementation of One District One Factory to promote agro processing as a key factor for improving district economy

## **CHAPTER ONE BACKGROUND**

### **1.1 Introduction**

The Government of Ghana is committed to becoming and maintaining a middle Income status by ensuring strict adherence to the rule of law, increased productivity, and prudent management, transparent and accountable practices especially within the public sector.

In the pursuit of this, successive governments have initiated many policy frameworks e.g. Vision 2020, GPRSI & II and most recently, the Ghana Shared Growth and Development Agenda (GSGDA). Particularly at the District Level, corresponding Medium Term Development Plans have always been prepared with the aim of actualizing the vision of development as outlined in the national policy document. This to ensure that better standards of living and better conditions of living are achieved for greater numbers of people and not for a few.

It is against this background that Government and development partners continually/annually commit significant resources to support a wide range of development interventions that are designed to improve the social, economic cultural, organizational conditions and spatial arrangements in the country.

As Socrates said, an unexamined life is not worth living. This idea emphasizes the need for Monitoring, Evaluation, and reporting so as to provide a feedback to relevant stakeholders like the executive, legislative, development partners and other stakeholders on the performance of public policy, programmes and projects. It also helps to assess the impacts or if possible review such interventions so as to derive the maximum returns from them.

The 1992 constitution of Ghana has provisions within it that gives the institutional and legal framework for this activity. The establishment of the NDPC, RPCU & DPCU with specific roles and functions to carry out have over the years provided the needed guidelines and leadership for the achievement of this purpose.

It is in fulfillment of its constitutional mandate therefore that, the NDPC has provided guidelines to MMDs on the preparation of District Monitoring and Evaluation Plans.

This document is therefore a report of the findings arising from the implementation of the first year of DMTDP 2014-2017. As such, the Annual Action Plan for the year 2016 is the major point of reference for this report. However, due consideration has also been given to other relevant and crosscutting issues in the district.

## **1.2 General Profile of the AAK District Assembly**

The Abura-Asebu-Kwamankese District (hereafter referred to as the District) is one of the twenty (20) districts in the Central Region. It was carved out in 1988 of the erstwhile Mfantseman District Council. Abura Dunkwa is the District Capital.

It is made up of three Traditional areas of Asebu on the south, Abura, further inland towards the north and north-west, and Kwamankese on the north-east.

The District shares boundary with Twifo-Heman-Lower Denkyira Districts on the west, Assin South District on the north and with Mfantseman District on the east. On the south western part, the district is boarded by Cape Coast Metropolitan, and the Gulf of Guinea at the South eastern part.

The District has an estimated land area of about 380km<sup>2</sup>, 262 settlements with an estimated population of 141,162 for 2017

The district is made up of three paramouncies in the district. They are:

1. Abura Traditional Area with the paramount seat at Abakrampa
2. Asebu Traditional Area with the paramount seat at Asebu
3. Kwamankese Traditional Area with the paramount seat at Ayeldu

The Assembly has:

- One constituency
- Six Area Councils
- Two Urban Councils
- Thirty-one Electoral Areas
- Forty-four Assembly Members and
- Thirty-one Unit Committees

The AAK District is a relatively less endowed as far as development resources are concerned. This has greatly affected the ability of the Assembly to undertake various

projects to improve the Urban and rural environments. The main problem facing the District relates to the low income of the population due to lack of diversified employment opportunities, thus, forcing many people into informal sector activities such as petty trading, small scale manufacturing, fishing and agriculture.

The Assembly has over the years since its existence, tried to enhance the lives of the populace through the provision of certain basic amenities like schools, sanitation facilities, roads, health facilities and other social services. This has been possible as a result of the collaboration with other development partners and the efficient management of the Assembly's share of the District Assembly Common Fund.

#### 1.2.1 Vision

The vision of the Abura-Asebu-Kwamankese (AAK) District Assembly is:

To become a first class District Assembly ensuring improvement in the quality of life of its people through

- a. Excellent and Equitable provision of basic social and economic services and infrastructure
- b. Effective and efficient exploitation and utilization of the available resources
- c. Empowerment of the citizenry
- d. Ensuring wealth creation and poverty reduction within the context of God Governance

#### 1.2.2 Mission Statement

The Abura Asebu Kwamankese District exists:

***To facilitate the improvement of quality of life of the people within the Assembly's jurisdiction through equitable provision of services for the total development of the district, within the context of Good Governance.***

#### 1.2.3 Goal

In line with GSGDA II, the goal of the assembly is in the Medium Term is:

*“To ensure an improvement in the lives of the citizenry through job creation, effective and efficient utilization of limited resources, economic growth, value addition, equitable distribution of resources in the context of good governance and sustainable development.*

In order to achieve the above goal the following objectives were set up.

1. To increase Internal Revenue Mobilization by 35% by 2017
2. To improve road network by providing 30km additional roads by 2017
3. To expand production infrastructure by for increased productivity and ensure clean, safe and healthy environment by December 2017
4. To modernize and increase agricultural production by 10% average for major crops by the end of December 2017
5. To promote effective Public/Private Partnership in the development of the District by adopting the “LED” Approach.
6. To expand the social infrastructure, logistics and develop the human resource base of the District
7. To improve on the standard of education by 20% by the end of the plan period
8. To improve on the quality of Health delivery system by the end of the plan period
9. To increase the number and capacity of staff of the Assembly and other agencies by the end of December 2017.
10. To ensure adequate logistics are in place for all Departments and Agencies for effective and efficient service delivery by December 2017
11. To enhance good governance and civic responsibility by strengthening the institutions within the district.
12. To reduce poverty and income inequalities especially for the Vulnerable, Excluded and the disadvantaged communities.

### **1.3 Methodology**

In compiling this report, the DPCU first met and designed a checklist to guide the collection of data for the analysis. Secondly, a taskforce was formed comprising of selected members of the DPCU and assigned the responsibility of collecting and analysing the data. Thereafter, the DPCU met with the larger stakeholders to validate the findings. The DPCU finally undertook the writing and dissemination of the report.

## **1.4 Challenges**

Some of the challenges the team encountered in connection with this exercise include the following:

- Difficulty in Getting feedback from the departments, agencies etc.
- Absence of information on some important indicators
- Absence of some department and therefore inability to respond to certain indicators

## CHAPTER TWO

### MONITORING & EVALUATION ACTIVITIES REPORT

#### 2.1 District Finance

##### 2.1.1 Revenue Pattern

As shown in the table below, there are two broad categories of the sources of revenue to the Assembly namely; Internally Generated Funds (IGF) and Grants

Under IGF, the highest returns were from Land (109.7%) followed by Licenses (81.6%), Fees and Fines (81.4%), Rent (65.6%) and Rates (50.8%) in relative terms. In absolute terms however, Licenses contributed the highest amount to total IGF.

The major components of Grants are DACF, District Development Fund (DDF) and Donor Funds. A critical analysis of the revenue inflow show that, about 88.7% of total revenue of the Assembly in 2017 was from Grants.

The statistics also suggest that, total revenue for the years have been fluctuating and as well, always fall short of the expected amount.

On IGF mobilization, the district recorded a marginal percentage increase of 1.64% over the 2016 figure of 197,194.64. In 2017, the contribution of IGF to total revenue seemed to have improved to about 11% as against that of 2016 which was just 5.8%.

**Table 1: Revenue Pattern**

SN	REVENUE ITEM/SOURCE	2014	2015	2016	2017		ACHIEVEMENT
		ACTUAL	ACTUAL	ACTUAL	TARGET	ACTUAL	
1	Rates	65,015.79	48,742.55	60,403.50	88,000.00	44,739.52	50.8%

	<b>Grand Total (a+b)</b>	<b>4,636,699.45</b>	<b>2,369,019.00</b>	<b>3,392,045.53</b>	<b>4,150,237.01</b>	<b>1,769,415.57</b>	<b>42.6%</b>

Source: Finance Dept. AAKDA December, 2016

**Note:** Proportion of IGF to total Revenue - 11.3%  
 Proportion of Grants to total Revenue - 88.7%

The analysis of the revenue pattern reveals the following:

- ✓ That external funding source contributes a greater proportion of the district's revenue.
- ✓ Proportion of IGF of total revenue is still low and must be improved.

The analysis of the financial situation in 2017 showed that, the contribution of funds from development partners decreased within the period under review. The delay in the release of District Development Fund (DDF) allocation also contributed to the general fall in total revenue to the district. This trend re echoes the fact that, there is the need to improve local resource mobilization as well as move beyond the traditional sources of funding for development activities at the district level.

This further confirms the notion held by many that without grant, and most especially, the District Assembly Common Fund, there is no way the district could significantly implement its development agenda. It is very important therefore that the leadership at the District Assembly take pragmatic efforts to reverse the trend in order not to live at the mercy of external sources of funding.

#### 2.1.2 Expenditure Pattern

The table below also shows a summary of expenditure pattern of the assembly for the year 2017. The table contains twenty seven (27) expenditure items which reflect a re classification of the previously used headings. Having now a broader picture of the various expenditure issues, the situation indicates that most of the expenses were within the budgeted limits. One major feature of the expenditure pattern has to do with the fact that, a significant number of expenditure items were below expected budgetary figures. While prudent financial management measures are applauded, it is necessary to mention that, shortfall in inflows is also a factor to the situation. The irregularity of inflows to a large extent affects the pattern of expenditure in the district.

In the final analysis, the district could be said to have to have performed well in the face of the delayed releases and the price hikes and other economic hardships that have been faced in the country as a whole.

**Table 3: List of Expenditure Heads**

No.	Item / Year	2014	2015	2016	2017		Percentage
		Actual Expend	Actual Expend	Actual Expend	Target	Actual Expend	
1	Established Position	<i>Not available</i>	0	695,041.96	1,818,631.00	1,706,714.15	93.85%

### 2.1.3 Adequacy of funds

Just like previous years, the Assembly could not realize adequate funds to execute all the planned projects/programmes as intended. Delays in release of funds and shortfalls in inflows continue to bedevil the activities of the DA.

However, the District Assembly is implementing strategies to source for additional funds outside its traditional sources to execute her policies, programmes, plans and activities in the future. Additionally, new measures are being put in place to minimize revenue losses and improve efficiency in the internal resource mobilization.

## 2.2 Update on Specific Indicators & Targets

The District Goal in the medium term is to ensure an improvement in the lives of the citizenry through job creation, effective and efficient utilization of limited resources, economic growth, value addition, equitable distribution of resources in the context of good governance and sustainable development.

The following are some of the indicators set under each of the thematic areas of the GSGDA II These specific indicators have been observed and measured and the performances for some of them are presented in the tables below.

The analysis looks at the current year level of achievement of an indicator and compares that with the achievements for the previous years.

**M&E Matrix for GSGDA Theme 2: Enhancing competitiveness of Ghana's Private sector**

INDICATOR	SPECIFIC INDICATOR	2014	2015	2016	2017		REMARKS
					TARGET	ACTUAL	
No. of developed tourist sites		0	0	0	1	0	Target not achieved
No of youth trained in employable skills		34	369	63	130	70	Target not achieved
No of Skills Training programs held in handicraft and other enterprises using local raw materials		4	17	4	15	5	Target not achieved
No of SMEs provided with micro credit		0	4	0	15	1	Target not achieved
No of cooperatives formed annually		2	0	1	5	1	Target not achieved
Amounts Disbursed as Grant/Micro credit to Small Business Owners		0	14,500.00	11,132.00	20,000.00	600,000	Target exceeded
No of comm. assisted with agro processing equipment			2	0	5	0	Target not achieved
No of PWDs trained in vocational skills			0	0	20	8	Target not achieved

**M&E Matrix for GSGDA Goal 3: Accelerated Agriculture Modernization and Sustainable Natural Resource Management**

### **Challenges to Revenue Generation**

Challenges with regards to generating funds include the following:

- ✓ Inadequate reliable database on revenue items
- ✓ High level of leakages
- ✓ Inadequate personnel
- ✓ Low supervision of revenue collectors

### **Efforts to generate funds**

The Assembly is embarking on the following in order to improve internal revenue generation:

1. Revaluation of properties in the district
2. Undertaking aggressive tax education
3. Expanding the tax base
4. Computerization of ratable items
5. Strengthening sub district structures to assist in collection of IGF

## **2.3 CRITICAL DEVELOPMENT AND POVERTY ISSUES**

### **2.3.1 Ghana School Feeding Programme (G.S.F.P)implementation**

Within the period under review, the Assembly continued to work in a total of eighteen beneficiary schools with a total of 5,148 school pupils (2,703 males, 2,445 females). As at the time of compiling this report, about six (6) additional schools are about to be added to the programme. They schools covered are;

1. Musunkwa D/A Primary School
2. Edukrom D/A Primary School
3. Abakrampa Methodist Primary school A
4. Abakrampa Methodist Primary school B
5. Abakrampa Catholic Primary school.
6. Sorodofa Abaasa Primary school
7. Patoako Pry School
8. Egotsia Kokodo Pry School
9. Wusorkrom D/A Pry School
10. Batanyaa D/A Pry School
11. Moree Methodist D/A Pry School (1) and (2)
12. Abuenu DA Primary school
13. Kakonoma D/A Primary School
14. Moree D/A School A and B
15. Katakyaase Roman Catholic School
16. Bando Islamic Basic School
17. Asomodwe D/A Basic School
18. Okyereku D/A Basic School

#### **Impact of the Programme on Education**

The implementation of the program has led to the following achievements:

- Increased enrolments
- Significant Reduction in truancy and absenteeism
- Encouraged regularity and punctuality in school attendance, compared to period before school feeding
- Increased retention and participation in curricula activities

- Improvement in school performance
- Ready market for the Ghana Buffer stock of rice
- Reduction in drop out rate. It also encouraged primary school drop outs to re-enroll in school.
- Improvement in learning and academic performance.
- Supplement home feeding. Food served in school is more nutritious (balanced) compared to food eaten in some homes by the pupils. This has improved the Health Status of pupils due to balanced diet served weekly.
- Contributed to the provision of nutritional needs of the pupils

#### **Local Communities:**

- Reduced the burden of parents: Parents do not need to worry about lunch for their wards in school.
- Boosted domestic food production - some of the food items were purchased from the local producers (farmers). That, therefore, served as ready market for their produce.
- Poverty level in the district, especially among the women has reduced since money earmarked for feeding have now been channeled into other economic activities

#### **Challenges and Constraints**

The programme despite its numerous achievements is still confronted with some challenges and constraints. The following are some of the major ones:

1. Delays in payments
2. High cost of food stuffs
3. Continued rise in enrolment figures
4. High inflation rates
5. Inadequate standard kitchen facilities

#### **2.3.2 The Capitation Grant Implementation in the District**

The Capitation Grant is one of the Government's recent policy initiatives aimed at promoting Universal Basic Education and also to reduce the poverty situation in the long term.

Prior to the implementation of Capitation Grant programme, some parents were not able to fund their children's education. Children whose parents could not afford the fees being charged and other petty expenses were compelled to stay out of school.

Statistics from the District Education Directorate on enrolment for at last three years indicate some increases. However, there is still room for improvement and the District should intensify efforts in consolidating the strides made in this sector.

This means that, as the enrolment levels continue to increase, the need for more and even better school infrastructure and other facilities becomes obvious. The District Assembly for that matter would have to put in place adequate measures to address the problems to meet the increasing enrolments.

### **2.3.2 Business Development/ Skills Training**

In a bid to ensure Local Economic Development, Business Development activities and private sector growth The Assembly has been working through the Rural Enterprises Projects and the Department of Cooperatives. Within the year under review, the Assembly through the Business Advisory Center facilitated the provision of credit worth GH¢600,000.00 to a private industry into the processing of cassava.

Within the year, five (5) Skills Training programs were held in handicraft and other enterprises using local raw materials. Through this, a total of seventy (70) youth were trained in various skills. Out of this 22 were males while 48 were females.

### **2.3.3 Gender/Vulnerability and Social Protection**

#### **LEAP Implementation**

The implementation of LEAP activities and disbursement of grants for households was carried out successfully during the year under review. A total 811 Households are reported to be benefiting from this scheme currently indicating an addition of 292 more households over the figure in 2016.

This translates into a total of 3,244.00 (1,349 males and 1,895 females) individuals benefiting from this social intervention program.

## **Persons Living With Disability (PWDs)**

Within the period under review, the Business Advisory Center of the Rural Enterprises Programme facilitated to train a total of 8 PWDs (2 males, 6 females) to acquire employable skills. The District Social Welfare directorate with the support of the DACF secretariat in Accra embarked on a massive registration of PWDs across the district. As a result of the exercise the total number of registered PWDs which stood at 342 in 2016 shot up to 616 as the end of 2017.

### **2.3.4 HIV/AIDS Activities**

Within the year, the Assembly implemented a number of activities in the area of HIV and AIDS prevention.

#### Testing and Counseling

The DAC also in collaboration with the District Hospital, organized a voluntary Counseling testing exercise for some of the staff of the Assembly. The Assembly together with some of its departments, the Ghana Police service organized some fun games on the 1st of July being the Republic Holiday. This was an opportunity for the DAC to organize a free testing exercise.

In all 98 people (31 Males and 67 Females) were tested out of which two reactive cases. These were referred to the Hospital Laboratory for further testing and subsequent transfer to the Nurses in charge of the HIV clinic if confirmed.

### **2.3.5 World AIDS Day Celebration in Asebu**

The District organized the World AIDS day Celebration in Asebu. This year's celebration was organized alongside the National Farmers Day celebration. The district event took place at Asebu and this gave the opportunity to organize a testing and counseling session. The statistics of the exercise are given below

No. counseled	-	56
No Males	-	25
No females	-	31
No Reactive	-	0

In the course of the year, several awareness campaign exercises were undertaken. This included a one Day Youth Forum which was well attended by the town's folk and members of specific groups that were invited to the programme. In all a total of 324 people (144 males and 180 females) patronized the sensitization programmes and were educated on the core issues of HIV prevention and care for those who have contracted. There was also a free condom distribution for those present at the ceremony.

### **2.3.6 Climate Change and Disaster Risk Reduction**

The current trend of events all across the world shows that Climate Change issues are fast catching up with the effect being felt by especially in the Developing world. In line with the National Development Planning policy guidelines, the Assembly has been implementing some activities relation to this issue. The following are some of the interventions and achievements for the year 2017

- i. Sensitization of communities on the cultivation of woodlot and tree planting exercise.
- ii. Disaster Education was conducted in more than twenty communities on hydro-meteorological and fire disasters prevention in the year.
- iii. Visits to Flood prone communities in the district to enhance the formulation of plans to help prevent flooding situations in the rainy season
- iv. Startup of Palm seedlings nursery and garden eggs farms. This however needs a lot more support in order to succeed.

### **Fire Services**

The District Fire Service has also played vital roles mainly in education the populace and carrying out activities aimed at prevention of fire disasters in the district. Within the year under review the fire department has done a number of activities in accidents and fire prevention.

<b>S/N</b>	<b>TYPE OF INCIDENCE</b>	<b>2017</b>
1	Bush Fires	-
2	Domestic Fires	7
3	Vehicular Fires	-
4	Accidents	3
<b>TOTAL</b>		<b>10</b>

The fire safety Department of Abura Dunkwa continued to carry out Fire Prevention Education programs in the year 2017. The following under-listed institutions constitute some of the major installation visited from January, 2017 to December, 2017.

1. District Assembly: Abura Dunkwa
2. Hotels: Nananom Hotel- Abaka etc.
3. Hospital: Abura Dunkwa District
4. Filling Stations: Goil Oil Filling Station-Batanya,
5. Schools: Abakrampa Senior High School- Abakrampa, Aburaman Senior High School –Abura Dunkwa etc.
6. Companies: PINORA Company Ltd- Abakrampa, Mandis Company Limited-Asebu etc.
7. Banks, Commercial Bank-Abura Dunkwa, GN Bank-Asebu, Akoti Rural Bank-Abura Dunkwa.

### **Provide Technical Advice on Building Plans**

The fire safety department also assists by providing technical advice in issuance of building permits

### **Train and Organize Fire Volunteer Squad**

Officers are mobilizing people to form Fire Volunteer Squad at the following communities in the District that is Nyanfeku Ekroful and Abakrampa, the mobilization is ongoing.

**CHAPTER THREE**  
**REVIEW OF ACTIVITIES OF DISTRICT MEDIUM TERM PLAN**

**3.1 Performance Review for Activities in the DMTDP**

For the purpose of this report, this review was concentrated on activities outlined in the 2017 Annual Action Plan.

In all Ninety seven (97) interventions were proposed to be done within the fourth quarter of 2017 Annual Action Plan.

The activities were distributed among the various sectors set out in the plan. The various activities were examined in terms of whether action has been initiated or not.

**Summary of 2017 Annual Action Plan Implementation**

	<b>ABSOLUTE</b>	<b>PERCENT</b>	<b>PERCENT</b>	<b>PERCENT</b>	<b>PERCENT</b>
	<b>2017</b>	<b>2017</b>	<b>2016</b>	<b>2015</b>	<b>2014</b>
Total activities	100%	97	100%	100	100
No. Addressed	87.6%	85	82.5%	80.3%	52%
Not addressed	22.4%	12	17.5%	19.7%	48%

**Capacity Building Activities**

During the year under review, the Assembly was able to undertake four major capacity building activities for staff. Besides these, units such as BAC also complimented with some skills training activities. Details of the Assembly’s capacity building interventions are captured in the table below

<b>S/N</b>	<b>TRAINING AREA</b>	<b>DATE</b>	<b>NO OF PARTICIPANTS</b>			<b>FUNDING SOURCE</b>	<b>REMARKS</b>
			<b>T</b>	<b>M</b>	<b>F</b>		
1	Training of Revenue Collectors on Modern Trends in Revenue Mobilization and Collection at Abura Dunkwa	May, 2017	<b>24</b>	18	6	DACF	Completed

## **CHAPTER FOUR MAJOR FINDINGS AND RECOMMENDATIONS**

### **4.1 MAJOR FINDINGS**

The analysis for the progress made within the past year also brought to the fore some major issues that need the immediate attention of appropriate authorities. These have been highlighted below under their various sectors

#### **Education**

- Late release of fund especially Capitation Grant.
- Low performance of some schools in the 2017 BECE.
- Non-functioning of SMC/PTA's in some school communities
- Poor furniture situation in some schools
- Absenteeism on the part of pupils in market communities.
- Poor performance on the part of some teachers.

#### **Health**

- Attitude of some health personnel towards clients
- Inadequate residential accommodation for staff
- Lack of portable water Kwaman CHPs compound

#### **Ministry of Food and Agriculture**

- Lack of residential accommodation for office workers.
- Delayed and inadequate funds to execute all budgeted programs.
- Most farmers are not able to access improved farming technologies due to low number of field officers'
- High defaulter rates in loan repayment by some farmers, thereby hindering others to benefit from such credit facility.
- Inadequate office equipment eg. Computers, photocopier to carry out office activities.
- Inadequate logistic like motorbikes, which tend to hinder the mobility of field officers.

#### **Ghana School Feeding Programme**

- Overcrowding in some schools due to increased enrolment
- Poor quality of the rice from the Ghana Buffer stock due to weevil infestation
- High cost of the rice from the Ghana Buffer Stock

- Inadequate of training for the caterers
- Approved feeding fee per pupil per day of GH¢0.40 is woefully inadequate considering the present cost of living.
- Inadequate funds and logistics for effective monitoring and regular deworming of pupils quarterly
- The Bulk deduction of the cost of rice from source puts a strain on the budget of the caterers
- Inadequate supervision of the programme coordinators in the District.

### **Ghana Police Service**

- Inadequate communication gadgets and other logistics in the District Headquarters and all the stations under the District.
- Lack of decent accommodation for officers

### **Industries**

- Low access to credit

### **Water & Sanitation**

- Inadequate refuse containers for distribution in communities and other vantage points.
- Inadequate logistics for the environmental Health Unit to undertake effective supervision and monitoring
- Access to improved sanitation is still low in some communities
- Access potable water is still low in some communities

### **Good Governance and Civic Responsibility**

- Inadequate accommodation for staff
- Low level of data management and processing
- Poor functional capacity of some sub district structures
- Low level of internal revenue mobilization.

## **4.2 RECOMMENDATIONS**

Based on findings that have been outlined under the various sectors, the DPCU has sampled the following recommendations from various stakeholders as a way of helping to improve the

pace of development. The recommendations are presented under various sectors so as to reflect the challenges identified and give a better picture of what needs to be done in each of these areas.

### **Education**

- Intensify monitoring and supervision of educational activities in the district for improved performance
- The DEOC should be strengthened to ensure effective delivery
- Provision of adequate school furniture to schools
- Adequate incentives and motivation packages should be put in place to encourage teachers to stay in the District.
- The District must institute sponsorship packages for teacher trainees.

### **Health**

- Provision of accommodation for health workers
- Expand sponsorship scheme to health workers especially, midwives
- Extension of Potable water to Kwaman and other areas

### **Agriculture**

- Organize regular in-service training for office and field staff so that they can impact positively on farmers.
- The District Assembly need to assist by providing accommodation and field logistics for workers
- Facilitate the recruitment of additional AEAs
- Provision of adequate logistics and office equipment to enhance performance of the department.

### **School Feeding Programme**

- Government must do well to match increase in enrolment with the provision of facilities and kitchens
- Caterers should be given in-service training on regular basis
- Desk officers at the Districts should be resourced to enable them undertake frequent monitoring.

### **Ghana Police Service**

- The District Assembly is being requested to come to the aid of the service by providing some of the required communication logistics.
- The DA can help to provide more decent accommodation for the Personnel of the Ghana Police Service in the District

### **Industries**

- Establishment of a revolving fund to support trainees of skills training activities to set up their own businesses
- Strengthen the cooperative system to enhance access to micro credit

### **Water & Sanitation**

- Provision of more refuse containers for selected communities and points.
- Provision of additional water facilities and rehabilitation of existing ones that are out of order
- Households should be encouraged to construct household latrines.
- Intensify education on personal hygiene

### **Good Governance and Civic Responsibility**

- Construct more staff accommodation
- Improve the Management Information System for the district
- Improve the capacity of staff and other members of the Area Councils
- Provision of offices logistics to the sub-structures.
- Introduction of more efficient revenue collection measures.

### **4.3: Conclusion**

The District performance within the year under review was quite impressive. In general, the following performance levels were recorded for each of the thematic areas:

<b>Thematic Area</b>	<b>Achievement</b>	<b>Performance</b>
Enhancing Competitiveness in Ghana's Private Sector	55.6%	Average
Accelerated Agriculture Transformation and Sustainable Natural Resource Management	44.4%	Below average
Oil and Gas Development	50.0%	Average
Infrastructure, Energy and Human Settlement	78.4%	Good
Human Development, Productivity and Employment	74.4%	Good
Transparent and Accountable Governance	81.3%	Very Good
<b>General Performance</b>	<b>69.2%</b>	<b>Good</b>

The statistics on IGF mobilization yields of selected crops and Educational enrolments all recorded some appreciable increases. Internal revenue generation however is yet to meet the full expectation since its fraction of total revenue is still not impressive. Thus revealing the low fiscal capacity of the Assembly in funding development projects without external financial support. On the whole, the district performance of 69% achievement in the implementation of DMTDP 2014-2017 is quite good but could have been better.
